PETITION FOR RULE MAKING

Maurice Salsa (Petitioner), pursuant to 47 C.F.R. 1.401, hereby requests the commission to amend section 73.202 (b) of its rules, the FM Table of Allotments, to allot channel 224C2 (92.7 Mhz) at Ft. Supply, Oklahoma.

DISCUSSION

Ft. Supply, Oklahoma is an incorporated community of over 380 people. Petitioner respectfully submits that the public interest would be served by allocating Channel 224C2 to Ft. Supply, Oklahoma, as that community's first aural broadcast transmission service. Ft. Supply has its own mayor, Gordon Ridings, its own volunteer fire department, its own post office, its own school district and a number of local churches. The proposed channel 224C2 will provide additional diversity and an outlet for local self-expression to Ft. Supply residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 224C2 can be allocated to Ft. Supply, Oklahoma consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

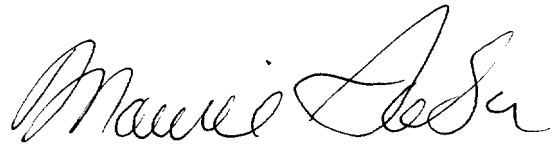

36 46 06 N
99 20 24 W

Petitioner hereby states that if the commission grants this petition, he will apply for the channel when it is allotted, and, if his application is granted, he will promptly build the station.

WHEREFORE, for the foregoing reasons, Petitioner respectfully requests the commission to grant this petition and to allot channel 224C2 to Ft. Supply, Oklahoma.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

By:
